

Speech Language Pathologist

Regular/Full-Time

Manitoba Health, Seniors and Active Living, Selkirk, Manitoba

Advertisement Number: 35775

Salary Range: \$67,482.00 - \$84,901.00 per year

Closing Date: December 30, 2019

The Manitoba government recognizes the importance of building an exemplary public service reflective of the citizens it serves, where diverse abilities, backgrounds, cultures, identities, languages and perspectives drives a high standard of service and innovation. The Manitoba government supports equitable employment practices and promotes representation of designated groups (women, Indigenous people, persons with disabilities, visible minorities).

Employment Equity is a factor in selection for this competition. Consideration will be given to Indigenous people, visible minorities, and persons with a disability.

Selkirk Mental Health Centre is a 252-bed facility that provides long-term mental health in-patient treatment and rehabilitation services to residents of Manitoba who's challenging needs cannot be met elsewhere in the provincial health care system. Programs include Acquired Brain Injury, Acute, Rehabilitation, Geriatric and Forensics. For more information see [Selkirk Mental Health Centre](#) .

Qualifications:

Essential:

- Experience providing speech language services in a health-care setting
- Experience assessing, planning, implementing and evaluating patient-centered speech language therapies and programs
- Strong interpersonal skills to work collaboratively within a team to support a diverse client group
- Experience training and/or coaching staff, patients and family members in implementing speech language therapies and programs
- Strong verbal communication skills to effectively communicate with team members, patients, and their families
- Effective written communication skills to document in patient charts and prepare reports.
- Experience taking initiative for the purpose of addressing treatment matters
- Strong organizational skills to complete tasks and set priorities while working under pressure
- Experience working within a multi-disciplinary team

Desired:

- Experience in assessment, treatment and/or management of dysphagia
- Experience assigning workloads to the therapy team to ensure standards are met

- Experience working within a mental health setting
- Experience working with geriatric patients
- Experience with acquired brain injury rehabilitation

Duties:

The Speech Language Pathologist is responsible for speech language therapy and programming for patients at Selkirk Mental Health Centre (SMHC), encompassing the diagnosis and treatment of communicative, cognitive and swallowing disorders, including meal management issues.

Working as part of a multi-disciplinary team, the Speech Language Pathologist will facilitate programming, including ongoing assessment, planning, implementation, and evaluation of speech language therapies in promoting the rehabilitation of persons with psychiatric illness, physical disabilities, and/or acquired brain injury. In addition, the successful candidate will be responsible for providing professional leadership to staff, patients and families through the implementation and support of speech language therapies.
