

January 2020 Council Meeting Highlights

Council approved an upgrade to the College's computer management system. The current system is Alinity Version 5 and this will be upgraded to Alinity Version 6.

As of December 31st, 2019, Softworks, the company that created and manages the Alinity platform, will not provide support to this outdated system.

Council approved the College's 2020 Draft budget which includes a 3% increase in registration and renewal fees.

Council approved the Interprofessional Collaborative Care practice direction that was created through a collective effort of multiple healthcare regulatory bodies in Manitoba.
