Job Description/Responsibilities

Reporting to the Client Services Manager - Rehabilitation Services, the Audiologist operates with a high degree of independence as a member of a multidisciplinary Rehabilitation Team. The incumbent plans, delivers, and evaluates hearing services for the infant, preschool, school and adult populations, and in addition, provides consultative public/parent/caregiver education and training services. The Audiologist may also provide clinical supervision and training for students and provisional members and participates in the education of other health care professionals upon request while maintaining professional accountability, judgment and reasoning with a high level of communication and collaboration.

The incumbent will exercise the appropriate level of initiative and independent judgment in determining work priorities, work methods to be employed and action to be taken on unusual matters. The position functions in a manner that is consistent with the mission, vision and values; and the policies of Southern Health-Santé Sud.
