CASLPM Strategic Focus for 2024

- CASLPM Council reviewed strategic priorities and agreed that a Nominations Working Group will be developed initially.
- Emergency and Succession Planning is being developed.
- A Land Acknowledgement Statement is being developed. Staff and several council members participated in the San'yas Indigenous training during the summer months to begin working towards this tactic, ensuring that training/learning are a component of understanding the history and ongoing concerns faced by Indigenous populations in Canada.
