Regulatory Matters

Complaints Investigation

As of writing this report, two complaints are under review by a Complaints Panel.

Committee Matters

Practice Advisory Committee (PAC)

Watch your inbox... 👁️👁️

The *Standards of Practice* documents will be rolled out with a feedback period in early fall.

Working Groups to Join... 👁️👁️

Speech-Language Pathology review of Advanced Competency #1 and #2

- Fiberoptic (Flexible) Endoscopic Evaluation and Management of Voice Disorders
- Fiberoptic (Flexible) Endoscopic Evaluation and Management of Swallowing Disorders

Audiology

- Vestibular Assessment and Management
- Cochlear Implant Management

If you hold any of these competencies, we invite you to contact the College to discuss joining these working groups.

The College of Audiologists and Speech-Language Pathologists General Regulations

The CASLPM General Regulations are scheduled for update by government this fall. Changes will include allowing for the requirement of an entry-to-practice exam and modernizing language, including the titles of advanced competencies.

There will be a 30-day review period for registrants once the new regulations are drafted.
